## Innovative Design for a Seamless Interior

With a wealth of experience and expertise accumulated since the establishment of AGATH in 2004, our previous company, we are proud to introduce the OPALE brand.

OPALE specializes in the design and manufacturing of televisions ranging from 16 to 100 inches, engineered to be seamlessly integrated into walls without requiring ventilation. These televisions can also be mounted on walls, offering versatility in installation.

All OPALE televisions operate on low voltage, allowing for safe installation even in bathrooms.

We offer seven types of glass, including four with a mirror effect, enabling the OPALE TV to blend seamlessly into its surroundings when not in use. Additionally, we have refined our designs to achieve thinner screen profiles, enhancing ease of integration into various interiors.

# OPALE

## **Innovation Design Creation**

One of the key advantages of OPALE TV sets is their exceptional brightness, even in the standard version, making them the brightest available in the market we serve. This ensures the highest level of picture quality, even when positioned behind a mirror.

Our products are accompanied by a 5-year warranty.

We prioritize collaboration with all industry professionals throughout the entirety of the project, from the design of the fittings (providing technical support) to site supervision (should this be required). We encourage you to contact us as early as possible to ensure a seamless process.

Both the design and manufacturing processes are conducted in the Lyon region, where our head office is also located.

We manage the entire process, from design to delivery, ensuring the highest standards of service. Furthermore, OPALE benefits from over 20 years of technical expertise, which is fundamental to the quality we deliver.

## **Sustainable Excellence**

At OPALE, luxury and sustainability go hand in hand.

**Locally Crafted** – We collaborate with select local artisans and manufacturers to ensure the highest quality while reducing our carbon footprint.

**Refined Eco-Packaging** – Every detail matters. Our packaging is made from recycled wood and cardboard, blending elegance with environmental responsibility.

**Premium, Sustainable Materials** – Crafted exclusively from metal and glass, our products exude sophistication while eliminating plastic entirely.

**Timeless & Upgradable** – Designed to evolve, our products are fully repairable and can be upgraded to meet the latest technological standards.

**Sustainability without compromise—because true luxury is built to last.**

## Our philosophy

At the core of our approach is a commitment to collaboration and excellence.

From the initial stages of a project, we actively engage with interior designers, leveraging our expertise to ensure seamless integration and optimal outcomes.

Our priority is to deliver the most effective solutions tailored to the needs of the end customer, prioritizing value and quality over cost. We view our customers as trusted partners, working hand-in-hand to achieve exceptional results that meet and exceed expectations.

Ultimately, our greatest measure of success lies in the enduring loyalty of our customers and resellers, a testament to the trust and satisfaction we strive to foster in every relationship.

## In-wall Series

Elevate your space with **OPALE in-wall** mirror televisions, where cutting-edge design meets the pinnacle of technological innovation. Seamlessly integrated into any environment, these in-wall masterpieces blend effortlessly with your surroundings, creating a harmonious balance of form and function.

Experience the extraordinary with our high-brightness screens, designed to deliver unparalleled visual brilliance. At OPALE, we uphold an unwavering commitment to excellence, ensuring that every product embodies the highest standards of quality and craftsmanship. Transform your space into a realm of sophistication and innovation with OPALE mirror televisions.

Our mirror televisions are ingeniously designed to operate within walls without the need for ventilation. This allows for an exceptionally seamless and simplified integration into any wall, redefining the art of discreet luxury.

Our televisions are available in a range of sizes, spanning from 16 to 100 inches diagonally (approximately 40 to 254 centimeters), offering unparalleled versatility to suit every space.

## On-wall Series

Our **On Wall Series** are a harmonious blend of sophistication and versatility. Designed to seamlessly integrate into a variety of settings—whether it's the serene ambiance of a bathroom, the intimate elegance of a bedroom, or the refined atmosphere of a living room—these mirrors redefine adaptability for the modern, discerning lifestyle.

Tailored to your unique taste, our On Wall Series offers endless customization. Choose from an array of premium materials for the side frame, and opt for a sleek mirror covering the entire front or a minimalist flush frame. Each piece is crafted to reflect your individuality, ensuring a perfect fit for your luxury environment.

Experience the art of bespoke design with OPALE—where innovation meets timeless elegance.

## Revolutionize Your Viewing Experience: OPALE SPLIT

Introducing the groundbreaking OPALE SPLIT, a patented innovation now available across all our models. This cutting-edge technology sets a new standard in the luxury TV market, offering unparalleled advantages that distinguish us from any other brand:

**Seamless Maintenance:** Say goodbye to the hassle of removing the front glass screen for repairs. With the Split Electronic Module, all sensitive electronic components are housed in a separate, easily accessible module. This not only simplifies maintenance but also preserves the pristine condition of your TV.

**Effortless Connectivity:** Enjoy the convenience of easy access to all inputs and outputs. The modular design ensures that connecting your devices is as straightforward as it gets, enhancing your overall user experience.

**Future-Proof Technology:** Stay ahead of the curve with our upgradable TV system. Instead of replacing the entire unit, simply upgrade the Electronic Module to keep your TV at the forefront of technological advancements. This not only extends the lifespan of your investment but also aligns with sustainable luxury.

## Craft Your Vision: Bespoke Frames Tailored to Your Imagination

Unleash your creativity with our extensive collection of wooden frames, meticulously curated to inspire and elevate your space. At OPALE, we believe that every frame should be as unique as the story it holds.

**Endless Possibilities:** Choose from a vast array of wooden frames in our catalogue, each crafted with precision and care. Whether you prefer the timeless elegance of wood, the sleek modernity of metal, or the reflective allure of mirrors, we have the perfect option to match your style.

**Custom Creations:** Your vision, our expertise. Dream it, and we'll bring it to life. Our bespoke design service allows you to create a frame that is truly one-of-a-kind. From selecting the materials to finalizing the design, every step is tailored to your preferences.

**Uncompromising Quality:** We pride ourselves on using only the finest materials and craftsmanship. Each frame is a testament to our commitment to quality and durability, ensuring that your custom creation stands the test of time.

**Personalized Experience:** Our dedicated team is here to guide you through the design process, offering expert advice and support. We work closely with you to ensure that every detail reflects your unique taste and vision.

At OPALE, we transform your dreams into reality. Explore our catalogue, design your perfect frame, and experience the art of bespoke craftsmanship. Your imagination is the only limit.

## Elegance Illuminated: Backlit Bathroom Mirrors Television

Transform your bathroom into a sanctuary of style with our backlit mirrors. Seamlessly blending form and function, these mirrors offer a soft, ambient glow that enhances both aesthetics and practicality.

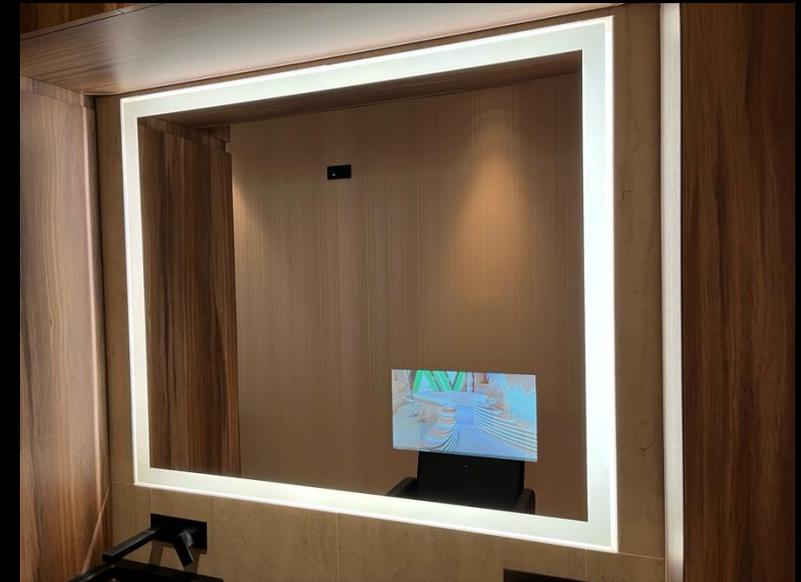

**Timeless Design:** The discreet, integrated lighting creates a sleek, modern look that complements any decor.

**Custom Luxury:** Choose from a range of finishes and lighting tones to match your unique taste.

**Perfect Illumination:** Ideal for grooming, the even light eliminates shadows for precision and clarity.

**Effortless Sophistication:** A statement piece that elevates your space with understated elegance.

We craft mirrors that are more than functional—they're a reflection of your refined lifestyle. Illuminate your everyday with timeless luxury.

# OPALE TOUCH

## Seamless Integration of Technology & Design

Control your smart home effortlessly with a fully customizable touch display where cutting-edge innovation meets elegant design.

## A Fully Integrated, Custom Solution

OPALE offers a turnkey solution with touch televisions or monitors ranging from **10 to 75 inches.\***

## Smart Home Control Meets Entertainment

With **OPALE TOUCH**, you can manage your entire home automation system while enjoying your favorite video content.

## Designed for Any Environment:

Waterproof when necessary, OPALE TOUCH works even with wet hands—ideal for use in kitchens, bathrooms, indoor pool areas, showers, hammams, saunas, etc.

## Always Clear, Always Luxe: Anti-Fog Mirror Technology

Never compromise on clarity or style with our anti-fog heating film technology. Seamlessly integrated behind OPALE mirrors, this innovative feature ensures a fog-free reflection, no matter the steam.

**Instant Clarity:** Eliminates condensation for a flawless mirror surface.

**Effortless Convenience:** Perfect for grooming, always ready to use.

**Subtle Indulgence:** Gentle warmth adds a touch of spa-like luxury.

**Sleek Design:** Discreet and elegant, enhancing any space.

We blend innovation with sophistication, so your OPALE mirror television is as functional as it is beautiful. Elevate your everyday with timeless clarity.
